

**Minutes  
OWLS HEAD BOARD OF SELECTMEN  
July 15, 2019**

**Special public hearing minutes for July 15, 2019 at 3:30  
with the Mussel Ridge Historical Society**

Mussel Ridge Historical Society had Frederic Newcomb write up a drafted proposal article which was presented to the Selectmen. To see if the town will vote to authorize the Mussel Ridge Historical Society to construct at its expense a local history archive building on town land, said building to be owned by the town and managed by the MRHS as a 501 (c)(3) museum. The proposed building would be adjacent to and north-east of the community building at 224 Ash Point Dr and would connect to the town's existing septic system and water supply.

The MRHS committee presented the proposed building blueprint for discussion.
