

## **OHCC Meeting Minutes Wednesday August 5, 2020**

1. Approved minutes from July.
2. Web Site: Discussed the initial work that Lauren and Stuart prepared. Everyone is very positive about the look and feel; Lauren's photos are a hit. There was a suggestion that the final version of the test pages be shared with the Select Board before going live.
3. Airport Update: The OH airport manager was unable to attend the meeting; we hope to see him in September. Ken explained that there are several initiatives that are underway.
  - a) Equipment purchases
  - b) Additional hangar construction
  - c) Solar array
  - d) Possible walking trail
  - e) Clean up/beautification effort
4. Pesticide Ordinance: Kathryn and Annette shared information about the Rockland pesticide ordinance with the group. We will approach the OH Select Board to get their input on this effort.
